Britannia

REMOVALS, STORAGE AND INTERNATIONAL SHIPPING

Welcome to Britannia in Indonesia

Britannia in Indonesia

Britannia can offer you a door to door service to Indonesia, and can either ship your effects by sole use container, or for smaller shipments in a wooden crate (LCL). In addition we can offer a door to door airfreight service to some destinations in Indonesia. Our agents in Indonesia will arrange customs clearance, and deliver and unpack the effects, including removal of debris on day of delivery.

Importing Personal Effects

Shipments of used household and personal effects may be imported duty free subject to certain restrictions. The shipper and wife both need a 12 month visa, original residence permit and work permit. Single consignees must obtain a statement to this effect from the embassy in Jakarta. Arrival of the effects must be within 3 months of the approval to process a work permit as issued by the Indonesian government, and only two shipments (one by sea/one by air) are allowed. Returning Indonesian residents require documentation from the Embassy at origin, and must have spent a minimum of three years abroad. Your local Britannia Member will provide you with detailed customs regulations.

Documentation

Britannia and our agents will assist you with completion of customs formalities. To assist us with this please let us have a copy of your passport (and visa if applicable).

The required documentation will be supplied to you on arrival. To avoid any potential additional charges and delays it is advisable that relevant forms are completed and returned promptly to our Agents.

Prohibitions and Restrictions

In general it is in your interest not to import the following items:

- Firearms & ammunition
- Inflammable goods & substances
- Plants & plant material
- Foodstuffs, perishables or otherwise
- Alcohol, narcotics and dangerous goods
- Offensive material

Transit Times

Both sole use and crated consignments usually take an average of 6 - 7 weeks.

Tracking Consignment

All groupage consignments will be bar coded before they are loaded into the shipping container. This will ensure that no items are left at origin and allow Britannia to check the status of your goods in transit.

Additional Services

Britannia can provide a variety of complementary services to make your moving experience as efficient and easy as possible.
